RAPID RESPONSE AWARDS:

To fund projects that require a rapid response and address emerging areas of HIV research. The purpose of these awards is to support collaborations and innovative ideas, including feasibility studies and gathering preliminary data, to meet the rapidly changing needs in the field.

Maximum Request per Applicant: $5,000
Successful applicants must acknowledge the UCLA-CDU CFAR grant AI152501 in any resulting publications and presentations.
Awards not expended within 12 months must be returned to the UCLA-CDU CFAR.
